

AquaBond Sports Grade Adhesive

£7.99

Product Images

Description

Aqua Bond Adhesive is a single component moisture-curing adhesive of trowellable viscosity designed for bonding synthetic sports surface carpets to a variety of substrates or jointing tapes. The adhesive is tolerant to use in damp and cold conditions, with the final bonds being fully resistant to climatic conditions.

Recommended

- 1 Tube per 3m on joining tapes
- 1 Tube per 5m for perimeter stick down to concrete or wood.

- ✔ **Sports Grade Application to Jointing Tapes**
- ✔ **Coloured Matched Grass Green**
- ✔ **Can Be Applied in Damp, Cold Conditions**
- ✔ **Will bond to most Smooth/Clean surfaces**
- ✔ **One 310ml Tube Required for 3m of Joining**
