Description

AstroClean is a naturally sustainable pet odour and stain remover which rapidly neutralises and eliminates bad odours from your lawn.

Ideal for use on synthetic grass and turf, and for general cleaning and restoration. Removes dirt, grease, animal droppings, algae, moss and a wide range of soiling.

It uses friendly bacteria to actively eliminate uric acid and salts that cause urine odour. AstroClean is fast acting and does not rely on the use of masking agents or hazardous chemical oxidisers.

Safe to be sprayed on both soft and hard surfaces such as carpets, fabrics, pets & animal bedding.

AstroClean incorporates a freshly cut grass fragrance leaving a pleasant residual odour.
