Made using exclusive next generation 'UltraYarn' the Selhurst Range offers the ultimate recovery properties after use.

The 'U' shaped blades have been designed to spring back quicker so when compared to more traditional flat yarns, 'UltraYarn' is superior and will show minimum signs of flattening throughout its life. The natural 4 tone green colour Selhurst range can be used to cover all applications from lawns, patios and pool surrounds to roof terraces and play areas.

At a reduced price of £19.99 per square meter the Selhurst range is on target to become the number seller in the UK.
