Description

Offers quick and cost effective artificial grass perimeter fixing.

Ideal for Trade Contractors or DIY

Flexible and Versatile

Provides a safe, strong and secure unobtrusive barrier between the grass edge and a flower bed or path with up to 9 fixing points per metre.

Just peg in place with our fixing pins to secure and stick your artificial grass to the shelf/tabs

[Fixing Pins](#) (1 pack per 10m)

[Aquabond Adhesive](#) (1 tube per 10m)

Can be curved in either direction to create the perimeter shaping of the lawn and will easily go around trees and shrubs.

Manufactured in the UK from Heavy Duty HDPE plastic, extremely flexible yet very strong when in the ground.

Rust & Rot Proof

UV and Frost Resistant

Fully Recyclable
